

Dear Incoming First Semester Student,

We wish to welcome you to the International Studies Shipping and Chartering programme of the Hochschule Bremen City University of Applied Sciences. You are about to start an important, exciting and challenging phase of your life! We hope, you have the best start of your academic studies.

Your classes will start on 16<sup>th</sup> October, 2023. Your schedule for the first semester is attached.

Prior to your first class, the Dean of the Faculty and all the Faculty members will officially welcome you on 16<sup>th</sup> October 2023 at 10:00 at our AIR/PORT/LAB Campus (Flughafendamm 40).

In order for you to be connected to the Hochschule Bremen and access its services, you can find a first semester guide (ErstiGuide) on the HSB Website at <https://www.hs-bremen.de/en/information-for/first-semester-students/>.

To ensure a smooth start into your semester, we advise you to immediately set up your HSB accounts, especially QIS-POS, AULIS, Eduroam and your e-mail.

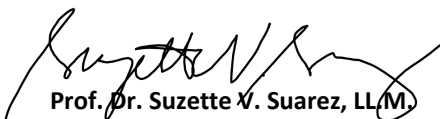

**QIS-POS** is the online platform where you enrol in your modules (this is also known as signing up for your exams) and access your HSB transcripts. Enrolment in modules or signing up for exams takes place within the first three weeks of classes. **AULIS** is our learning platform where you find all relevant information in the Newsfeed ISMN and ISSC as well as your lecture contents, provided by your professors. The ISSC Information may be accessed in the folder "IS Shipping and Chartering B.A. (ISSC)." **Eduroam** is the Wi-Fi portal at our campuses.

You can find your account details, as well as the further steps on your welcome letter from the HSB. Instructions and further assistance may be found at [www.hs-bremen.de](http://www.hs-bremen.de) under the point Study -> During your Studies.

If you have any further questions, feel free to approach us during the official welcoming or at any point throughout the semester. Similarly, other students from higher semesters may also be able to help you.

Again, welcome to the International Studies Shipping and Chartering programme! We look forward to meeting you in person on 16<sup>th</sup> October 2023!

Yours sincerely,

Prof. Dr. Suzette V. Suarez, LL.M.

Course Director

Prof. Dr. Thomas Pawlik
