

Nomination procedure for partners

Nominations must be submitted via our Mobility Online portal. If you have already registered in the past, you do not need to register again. You can simply log in at any time and proceed with the nomination. For future nominations, you only need to access the nomination form via the link provided below.

If you are not registered yet, please contact us!

Nominations are only possible during the designated nomination/application periods:

- Winter semester: 1 March – 15 June
- Summer semester: 1 November – 15 January

If no active nomination period is available at the moment, this will be indicated by an error message in the system.

Should there be any changes regarding the individuals responsible for nominations at your institution, please feel free to inform us by email, specifying the name and email address of the person who should receive the registration invitation.
